DIRECTIONS FOR USE:

Suitable for use with pesticide spray solutions to enable clear identification of sprayed areas. Agitate well before use.

RATE OF APPLICATION:

RATE	VOLUME	CRITICAL COMMENTS
100ml	per 100 Litres of water	Higher rates are suggested where more intensive and persistent marking is required.

NOT TO BE USED FOR ANY PURPOSE, OR IN ANY MANNER, CONTRARY TO THIS LABEL UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION

GENERAL INSTRUCTIONS:

A red liquid marking dye to assist in clearer identification of sprayed areas. A simple and effective system in all spraying situations to reduce costly problems resulting from over application or missed areas untreated.

MIXING INSTRUCTIONS:

To achieve thorough mixing premix PCT Reactor RED DYE with water in ratio 1:10 before addition to spray tank or knapsack. Add premix solution to spray tank first and follow with water to half fill tank. Add other ingredients under agitation followed by water to top up tank. Wash out all spraying equipment thoroughly after use as product residue can cause discolouration of subsequent sprays.

PROTECTION OF WILDLIFE, FISH, CRUSTACEANS AND ENVIRONMENT:

DO NOT contaminate streams, rivers or waterways with the chemical or used container.

STORAGE AND DISPOSAL:

KEEP OUT OF REACH OF CHILDREN. Store in closed, original container in a well ventilated area, as cool as possible. Triple or, preferably pressure rinse containers before disposal. Add rinsings to spray tank or knapsack mix.

Do not dispose of undiluted chemicals on-site. Break, crush, puncture and bury empty containers in a local authority landfill. If not available bury the containers below 500mm in a disposal pit specifically marked and set up for this purpose clear of waterways, vegetation and roots. Empty containers and product should not be burnt.

Do not swallow. Avoid contact with skin or eyes. Wear rubber gloves, overalls and goggles or face shield. Wash hands with soap and water after use.

FIRST AID:

If poisoning occurs give plenty of water to drink and contact a Doctor or Poisons Information Centre (*Phone Australia 13 11 26*). If skin contact occurs, remove contaminated clothing and wash skin thoroughly. If in eyes, hold eyes open and flood with water for at least 15 minutes and see a doctor. Additional information is listed in the Material Safety Data Sheet.

CONDITIONS OF SALE:

"PCT Holdings Pty Ltd" ("PCT") shall not be liable for any loss, injury, damage or death, whether consequential or otherwise whatsoever or howsoever arising whether through negligence or otherwise in connection with the sale, supply, use or application of this product.
