DIRECTIONS FOR USE

SITUATION	RATE	CRITICAL COMMENTS
<p>Minimise antagonism to tank mixes with flowable herbicides</p> <p>Improve performance under adverse environmental conditions required</p>	2L/100L of spray solution	<ol style="list-style-type: none"> 1. Half fill spray tank with clean water and start agitation. 2. Add PCT Reactor Spray Adjuvant liquid through top opening of spray tank. 3. With agitation still running, add the flowable herbicide to the tank and mix thoroughly. 4. Add the required amount of Glyphosate based product and the remaining water. Mix thoroughly. 5. Add surfactant, if required, near the end of the filling process to minimize foaming. 6. Always maintain adequate agitation during application and use the tank mix promptly.

NOT TO BE USED FOR ANY PURPOSE, OR IN ANY MANNER, CONTRARY TO THIS LABEL UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION.

GENERAL INSTRUCTIONS:

PCT Reactor Spray Adjuvant should be used with non-selective herbicides only, as with some selective herbicides use may result in loss of selectivity and therefore crop damage. Ammonium sulfate may be corrosive to metal parts of the sprayer. Thoroughly flush tanks, pumps and nozzles with water after use.

STORAGE AND DISPOSAL:

KEEP OUT OF REACH OF CHILDREN. Store in the closed, original container in a cool, well ventilated area. DO NOT store for prolonged periods in direct sunlight. Triple or preferably pressure rinse containers before disposal. Add rinsings to spray tank. DO NOT dispose of undiluted chemicals on site. If recycling, replace cap and return clean containers to recycler or designated collection point.

If not recycling, break, crush or puncture and bury empty containers in a local authority landfill. If no landfill is available, bury the containers below 500mm in a disposal pit specifically marked and set up for this purpose clear of waterways, desirable vegetation and tree roots. Empty containers should not be burnt.

SAFETY DIRECTIONS:

Avoid contact with eyes and skin.

FIRST AID:

If poisoning occurs, contact a Doctor or Poisons Information Centre (*Phone Australia 13 11 26*).

MATERIAL SAFETY DATA SHEET:

For further information refer to the Material Safety Data Sheet (MSDS), which is available from the supplier.

CONDITIONS OF SALE:

"PCT Holdings Pty Ltd" ("PCT") shall not be liable for any loss, injury, damage or death, whether consequential or otherwise whatsoever or howsoever arising whether through negligence or otherwise in connection with the sale, supply, use or application of this product. The supply of this product is on the express condition that the purchaser does not rely on PCT's skill or judgement in purchasing or using the same and every person dealing with this product does so at his own risk absolutely.
