		Light infestations:	rate to ensure that 2 mL of product is applied per square
		20 mL in 1 L water	metre for initial treatments, extended control or heavy
			infestations; and that 1 mL of product is applied pe square metre for maintenance treatments, short term
			control or light infestations.
	Ants	Initial treatment	Use the higher rate for ant control where population numbers are high.
		50 to 65 mL in 1 L	
		water Maintenance treatment	
		35 mL in 1 L water	
		SS IIIL III I L Water	

NOT TO BE USED FOR ANY PURPOSE. OR IN ANY MANNER. CONTRARY TO THIS LABEL UNLESS AUTHORISED. HOW TO PREPARE STORAGE AND DISPOSAL:

This product controls insects by contact action and indestion. When applied as a surface spray, the product offers long residual activity. To obtain best results all surfaces should be treated, especially cracks, crevices and infested areas. A higher volume of water may be required on very absorbent surfaces. Apply to the point of run-off only.

Shake or invert the container before opening. Carefully measure the required amount of product and add to water in the sprayer and mix thoroughly. Do not mix more spray than can be used on the day of mixing.

Thoroughly clean out sprayer after use.

CAUTION

DO NOT spray directly on humans, pets, exposed food. food preparation areas or food utensils.

If using inside the home evacuate areas to be treated. These areas can be re-occupied once spraying is completed.

Before use - remove or cover all exposed foodstuffs: cover all dishes and utensils, and places where food is prepared or stored.

Cover or remove bird cages or fish tanks during spraying. After use - thoroughly ventilate treated area. Clean up thoroughly before processing/serving resumes.

DO NOT allow chemical containers or spray to get into drains, sewers, streams or ponds.

Store in the closed, original container in a cool, dry place out of the reach of children. Do not store in direct sunlight. Dispose of empty container by wrapping in paper, placing in a plastic bag and putting in garbage.

SAFETY DIRECTIONS

Harmful if swallowed. May irritate the eyes and skin. Facial skin contact may cause temporary facial numbness. Avoid contact with eyes and skin. Avoid inhaling spray mist. When using the product wear rubber gloves. Wash hands after use.

FIBST AID

If poisoning occurs, contact a doctor or Poisons Information Centre. Telephone 13 1126.
