STORAGE AND DISPOSAL

- Store in closed, original container in a cool well-ventilated area. Do not store for long periods in direct sunlight.
- Triple or preferably pressure rinse containers before disposal. Add rinsings to spray tank. Do not dispose of undiluted chemicals on site. If recycling, replace cap and return clean containers to recycler or designated collection point.
- If not recycling break, crush or puncture and bury empty containers in a local authority landfill. If no local landfill is available, bury the containers at a depth of 500mm or deeper in a disposal pit specifically marked and set up for this purpose clear of waterways, desirable vegetation and tree roots. Empty containers and product should not be burnt.
- Rinsate/rinse water should be disposed of in accordance with appropriate State legislation and should preferably be sprayed on to an application site or added as up to 10% of the diluent the next time this product or another similar termiticide is used. Do not put down sewers, gutters or storm water drains.
- In some States wastes can only be buried at a licensed landfill.

SAFETY DIRECTIONS

General Use

- Product is poisonous if absorbed by skin contact, inhaled or swallowed.
 - Repeated minor exposure may have a cumulative poisoning effect. Obtain an emergency supply of atropine tablets 0.6mg.
 - Will irritate eyes and skin.
 - Avoid contact with eyes and skin. Do not inhale vapour or spray mist.
 - When opening the container, preparing the spray or using the prepared spray, wear cotton overalls buttoned to the neck and wrist and a washable hat, elbow-length PVC gloves and face shield or goggles.
 - If product is spilt on skin, immediately wash the area with soap and water.
 - After use and before eating, drinking or smoking, wash hands, arms and face thoroughly with soap and water.
 - After each day's use wash gloves, face shield or goggles and contaminated clothing.
- ##### For Use As A Termiticide
- Product is poisonous if absorbed by skin contact, inhaled or swallowed.
 - Repeated exposure may cause allergic disorders.
 - Repeated minor exposure may have a cumulative poisoning effect.
 - Obtain an emergency supply of atropine tablets 0.6 mg.
 - Will irritate the eyes and skin.
 - Avoid contact with eyes and skin. Do not inhale vapour or spray mist.
 - When opening the container, preparing the spray and using the prepared spray wear chemical resistant clothing buttoned to the neck and wrist and a washable

- hat, elbow-length PVC gloves, goggles, chemical resistant footwear, half face piece respirator, with combined dust and gas cartridge.
- If clothing becomes contaminated with product or wet with spray, remove clothing immediately.
- If product is spilt on the skin, immediately wash area with soap and water.
- If product is in the eyes, wash it out immediately with water.
- After use and before eating, drinking or smoking, wash hands, arms and face thoroughly with soap and water.
- After each day's use wash gloves, goggles, respirator (if rubber wash with detergent and warm water), and contaminated clothing.

FIRST AID

- If poisoning occurs, contact a doctor or Poisons Information Centre (Ph: 13 11 26).
- If swallowed, give one atropine tablet every 5 minutes until dryness of the mouth occurs - if poisoned by skin absorption or through lungs, remove any contaminated clothing, wash skin thoroughly and give atropine tablets as above. Get to a doctor or hospital quickly.
- If in eyes, hold eyes open, flood with water for at least 15 minutes and see a doctor.
- If swallowed, do NOT induce vomiting. Give a glass of water.
